The Motley Fool is a private financial and investing advice company based in Alexandria, Virginia. It was founded in July 1993 by co-chairmen and brothers David Gardner and Tom Gardner, and Erik Rydholm, who has since left the company. Its main business is online subscription services with investing recommendations, stock research, and analysis.

The Motley Fool - Wikipedia

My biggest problem with the site, though, is really that once you are a customer, 'The Motley Fool' treats you, well, like a fool. Firstly, as soon as you register, you'll immediately start seeing ridiculous e-mails and ads to pull you deeper into the company's products, paying more and more money along the way.

Think Twice Before Subscribing to 'The Motley Fool'

Last 12 Months of Motley Fool Stock Picks Revealed. I have been a subscriber to the Motley Fool Stock Advisor service for over 5 years now. Since January 2016, I have purchased \$1,000-\$2,000 of each of their stock picks. At 2 pick a month, that is 24 picks a year. Now, as promised, I will reveal the Motley Fool's stocks picks and performance.

Motley Fool Stock Picks Revealed - UPDATED November 8, 2020

The Motley Fool is known to upsell its clients. If you have one advisory service, they'll work to convince you to add another. Some of the premium plans are clearly out of reach for small and even medium-sized investors. Doesn't provide tools to manage your portfolio, nor offer recommendations on when to sell a recommended investment.
